TITAN
2005 TRAILERS, SIGNS & WONDERS.
Over the years, SunnyBrook and Mobile Scout travel and fifth wheel trailers have satisfied thousands of customers from sea to shining sea. And they keep coming back for more because we give folks what they want — the best value for their money. Every trailer we make is loaded with good old-fashioned quality. Our Titan models are designed for those who want a little more. There’s nothing else on the market built with this kind of care and attention to detail. Rest assured, a Titan is a sign that you’ve arrived.
HIGH-END LUXURY DISGUISED IN A MODERATELY-PRICED PACKAGE.

The Titan fifth wheel trailers look like luxury, with built-in amenities and quality materials. But the high-end quality comes at a surprisingly affordable price. We build our trailers with care and attention. The superior materials we use assure that your Titan will keep towing well and looking good. Titans feature our famous Lite Aluminum Superstructure, which is the best structure in the industry. With a Titan, you get a heavier duty—and more luxurious—trailer than anything else in its price range.
Corian countertops, solid oak face frames on cabinetry and much more highlight the optional upgrade package.

Large drawers on solid tracks with real wood fronts have quality written all over them. We don’t skimp on the small details either.

Large double sink, single-lever, pull-out faucet and this handy pull-out cutting board (select FW’s) are standard. Filtered water system is optional.

Slide rooms feature solid wood trim and decor, a cabinet for the sound system, flush floor and high-quality furniture.

They are easy to pull out and put away, but best of all, they make entering and exiting your RV a simple task.

Entertain as if you were home.
TAKE ALL THE AMENITIES OF HOME WHEREVER YOU ROAM.

You can take it with you. SunnyBrook and Mobile Scout Titan models are outfitted with the best amenities so you can feel at home, even if you’re nowhere near it. You can wander to your heart’s content without leaving the comforts behind. With standard features that outshine others in its class, the Titan gives you more of what you want. And with highly versatile floorplans and a targeted list of optional equipment, you can set up your Titan just the way you and your family want it.
DETAILS MAKE A DIFFERENCE
Wood door jams are a standard feature and another example of small detailing you just won’t find on other brands.

DAY/NIGHT SHADES
Optional features like our quality day/night shades add a touch of class to a Titan’s interior.

TOTAL COMFORT
Bedrooms feature queen-width bed with Pillow-Top mattress, optional shirt wardrobes and tasteful color combinations with quality materials as well.

BEAUTY IN DETAILING
Dress up your trailer with our optional chrome wheel upgrade. We have a handful of upgrade packages because almost everything’s standard!

RADIUS SHOWER
This spacious shower comes with a standard vent and light as well as optional radius glass surround doors.
We set our standards high, and so should you. That’s why we created and developed the famous Lite Aluminum Superstructure. This ultra-light structure means a smoother ride, less gas consumption, and a stronger body. By the looks of other brands, it’s clear that they thought our idea was pretty good, too. Of course, if you look closer, you’ll see they use far less aluminum and structural support. We pioneered the Superstructure over 10 years ago because we care about quality. And the first is still the best.
VINYL FLOORING
This Congoleum® residential grade vinyl flooring is made to last longer. It is also our standard vinyl floor.

WOOD-LOOK FLOORING
The optional, upgraded wood-look flooring is made from a heavy vinyl. It looks just like wood, but it’s ultra-durable.

TILE-LOOK FLOORING
A ceramic-look vinyl flooring upgrade is also optional. Give your Titan the look of a fine home with this popular option.

OUR WARRANTY
A 2-year limited warranty covers trailer’s workmanship and parts. OEM items come with their own warranties and coverage periods.

SOLID FOUNDATION
Flush, 25-ounce carpet & pad; residential vinyl; 5/8” tongue-and-groove ext.-grade plywood; insulation; poly weather barrier.

CONSTRUCTION HIGHLIGHTS
• Lite Aluminum Superstructure (Best in the Market)
• Thick Box/Tube Steel Frame Chassis for Strength
• Most Fifth Wheels Feature 16” Deep Central Frames
• 5/8” Tongue-And-Groove Ext.-Grade Plywood Floors
• Congoleum® Residential Vinyl Floor Covering
• Nylon Carpeting (FHA Approved) with Rebond Pad
• Tapered Aluminum Truss-Type Roof Rafters (16” O/C)
• Exterior-Grade Plywood Roof Decking
• R-7 Fiberglass Floor/Walls and R-11 Roof Insulation
• Complete Fome-Cor® Insulation (N/A on Gel-Coat Ext.)
• Enclosed, Insulated and Heated Fresh Water Tanks
• Enclosed Underbelly (on 28’ and Larger Fifth Wheels)
• Below-Floor Water Tanks for More Inside Storage
• Solid Oak-Framed Cabinet Doors and Drawer Fronts
• Cabinet Faces Feature Screwed-Together Construction
• Oak-Edged Formica Countertops in Kitchen and Bath
• One-Piece Fiberglass Tub and Shower Surround
• 30-Amp Electrical Service w/Detachable Power Cord
• Dometic® 13,500 BTU Ducted Air Conditioner
• MOR/ryde® IRE Suspension on Most Fifth Wheel Models
• Dexter® Nev-R-Lube Axles with Sealed Bearings

SOLID GROUND
MOR/ryde® IRE SUSPENSION
Most FW’s come with quality MOR/ryde IRE suspensions. You get a smoother riding and easier towing trailer.

SEALED BEARINGS
Our Dexter® Nev-R-Lube axles feature sealed-bearings so you’ll have no maintenance hassles and more time to roam.

INSULATED/HEATED TANKS
Some brands make claims that they insulate their holding tanks, but they don’t heat and insulate the valves. We do!

ENCLOSED UNDERBELLY
Beyond easy access to dump valves and such, you’ll notice a standard enclosed underbelly. It keeps dust and debris out.

EASY ACCESS
LP tanks, dump valves, electrical systems and more are designed for easier access to make your adventures more enjoyable.
CONSTRUCTION

All-Aluminum Bonded Superstructure
Tube Steel Chassis
5/8” Tongue-And-Groove Exterior-Grade Plywood Floors
Floor is Bonded and Screwed to Aluminum
Floor Joist on 16” Centers
